👤 Profile

Over 3+ years of hands-on experience in both manual and automated testing. I am a skilled and educated professional specializing in Web-based and Android and iOS applications. Expertise includes Automation Testing with Selenium, Cypress, and Appium, as well as API Testing and Performance Testing. My hands-on experience in testing and QA has provided me invaluable insights into delivering high-quality software solutions.

💼 JOB EXPERIENCE

SQA ENGINEER
Sep 2023 - Present

APPNAP TECHNOLOGIES LTD.

- Proficient in creating and executing Manual Test Cases/Scenarios to ensure comprehensive test coverage.
